Subject: RE: Honeywell Resins and Chemicals Spin-off

Hi Kris,

Just checking in. I sent you a copy of the letter notification for the change of name from Honeywell Resins and Chemicals LLC to AdvanSix Resins and Chemicals LLC. Please let me know if you have any questions on the name change or if I need to supply any more information.

Also, the SEC approved the spin-off and the effective date is October 1, 2016.

Please let me know if you or Dennis have any questions and if you need me to submit a more formal letter with these updates.

Thanks
Phil

Hi Phil,

I will get back to you. Dennis is looking it over and I haven't had a chance to talk with him yet.

Thanks
Kris

Subject: Honeywell Resins and Chemicals Spin-off

Hi Kris,

Just following up from our phone conversation last week to see if you had any questions on the draft letter that I sent regarding Honeywell's plans to spin-off Honeywell Resins and Chemicals LLC?

The timing of the exact date of the spin-off is still uncertain since it requires SEC approval, however, we are preparing for the spin-off around the first of October. As I mentioned on the phone, my plan was to submit the notification letter this week on August 31st. That is still my plan, unless I hear differently.

Phil
